

OCTOBER 28, 1922.

CAMERON'S SLUSH FUND.

Thomas A. Flynn, former U. S. district attorney of Arizona, in telling why the Democratic ticket should be elected this year, sent the following communication to the chairman of the Democratic committee:

Phoenix, Ariz., Oct. 16, 1922.
Hon. Vernon Vaughn,
Chairman, Democratic Committee
Phoenix, Arizona.

Dear Sir:—
You ask me why the Democratic ticket should be elected in Arizona this year. Here is my answer:

As Arizona's first rebuke to Cameronism and its Republican devotees, which, when the facts are dragged from Daugherty's secret files by a Senatorial inquisition, will show such a successful conspiracy to debauch the electorate of Arizona as will put Newberryism in the shade. Newberry pleaded he didn't know of the excessive expenditures in his behalf. Does Cameron?

Cameron wired Weeks, Sept. 28, 1920: "Can go over the top without fail with fifty thousand for my personal use in pending controversy."

On Sept. 27, 1920, he wired Senator Poindexter: "Please recommend to Weeks to send me fifty thousand for my fight."

On Sept. 28, 1920, he wired Col. Melville Gillett, Washington, D. C.: "Am having Dexter wire months"—code for Weeks—"Strong recommendation for fifty thousand. We can win with that amount sure."

And even after his election, he sent begging telegrams to Weeks, Poindexter and Stetson's man Williams for "sixteen thousand five hundred additional shares" to avoid comment and embarrassment.

As a result of this conspiracy, there is known to have been received in Arizona by Cameron, Republican Campaign officials, and Committees, approximately "One Hundred and Thirteen Thousand Dollars," exclusive of the Republican National Committee's contribution to the cause, to save Arizona from Democracy and help Cameron to defeat the Soldier's Bonus. How much are they going to spend this year?

Sincerely yours,

(Signed) THOMAS A. FLYNN.

DEPUTIES PROTECTING GAME.

More than 600 deputy game wardens will be on duty in Arizona during the 1922 hunting season, according to Joe Prochaska, state game warden, who has issued the following statement relative to the hunting season, now on:

"The 600 deputies will include all forest rangers who have received instructions from their supervisors to devote their time during the season in seeing that the game laws are enforced. W. J. Galbraith, attorney general, has called the attention of every sheriff and his deputies, every constable, and every livestock inspector in the state that he is, by law, a deputy game warden and that his duties are to see that the game laws are enforced."

"The Arizona Sportsmen's association, the Flagstaff Game Protective association, the Nogales Gun and Rifle clubs, the Northern Arizona Sportsmen's association, all have pledged themselves through their officers to assist the state game department in seeing that the laws are rigidly enforced."

"This department feels reasonably sure that with this generous assistance the violations of the law will be few."

"Hunters are cautioned to abide by the bag limits for each variety of game. Only one deer with horns is allowed during the season. Many complaints have been made in the past that does have been killed and warning is given that the evidence of sex must not be removed from the deer hide."

"The bag limit for quail is 20 birds each day during the season or 20 birds in possession at one time. The limit for ducks, geese, coots, rail and shore birds is 20 birds of all varieties or in possession at any one time. The bag limit on wild turkey is two fowl during the season."

"To guard against accidents through one hunter shooting another, it is suggested that all hunters wear caps or garments made of a bright color or on which a bright color has been attached, red or crimson being preferred."

"Hunters also are cautioned against shooting from a public highway or over a public highway, or where their shot might fall among dwelling houses or domestic stock."

ARIZONA INDUSTRIAL PROGRESS

(Oct. 28, 1922.)

State elections are but a few days away. Whether we will have tax reduction or increasing tax burdens, rests largely with the voter. It is safe to say that western taxes generally could easily be raised another 20 percent if the people should cast favorable votes for the many tax raising schemes on the ballots. "Will it raise tax" should be the consideration before voting for any measure. Don't kick about your tax bill if you now vote for tax raising schemes or new forms of taxation.

NEW LEGION COMMANDER.

New Orleans, La., Oct. 20—The American Legion ended a five day convention here today, unanimously elected Alvin M. Owsley of Texas, as its national commander to succeed Hanford MacNider of Iowa, and heard a plea for international action, which, according to its sponsors, the wounded men of the Inter Allied Veteran Federation, would bring about world peace. Then after the election of vice commanders, and a national chaplain, the convention was adjourned.

After stormy sessions the Legion reaffirmed its position on the so called soldier bonus, "ad justed compensation" is the term the legionnaires prefer, criticized severely Brigadier General C. E. Sawyer, personal physician to President Harding, and co ordinator of the federal hospitalization board; tabled resolutions dealing with the Volstead Act, the Ku Klux Klan and various other minor issues. It was averred again that its first intent was proper care of disabled veterans of the war.

The convention was attended by the noise, excitement and emotional outbursts which those who attended similar gatherings in the past, have learned to expect.

But, all in all the "buddies" had a wonderfully good time and they feel that they accomplished much. Next year's convention will be held at San Francisco.

Mr. I. Burgoon, candidate for county treasurer on the Republican ticket, was renewing acquaintances here Saturday.

LADY WAS IN A BAD FIX
FROM NERVOUS INDIGESTION

Blexi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes."

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless."

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. . . I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. . . I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.
